

Treasury Department,

BUREAU OF THE MINT,

Washington, D. C., April 3, 1893.

The Superintendent, U. S. Mint,

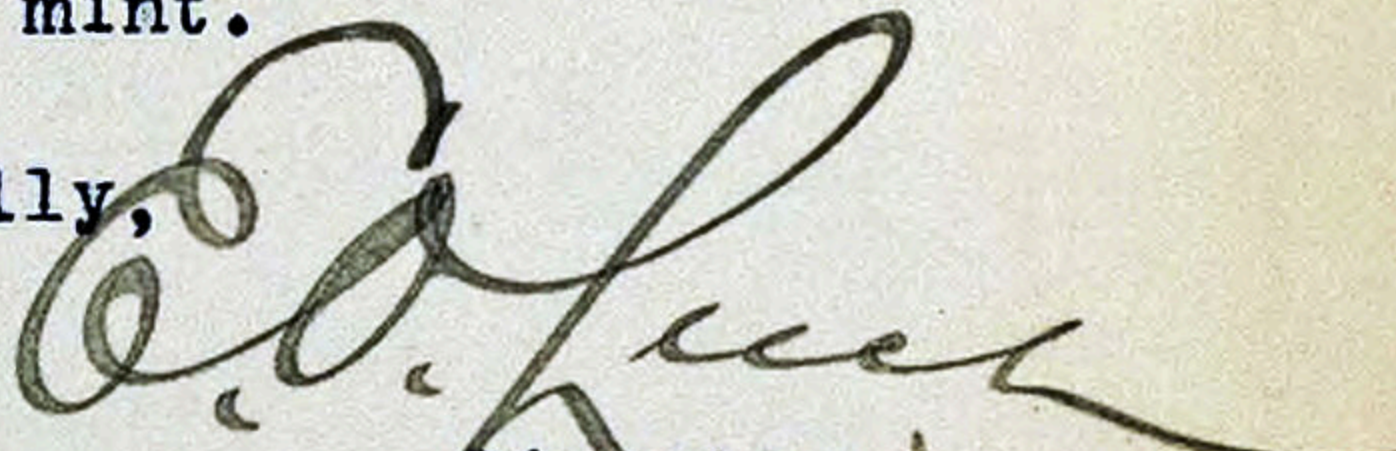

Philadelphia, Pa.

Sir:

You will instruct the engraver, as I suggested, to prepare a design for the reverse of the souvenir quarter dollar and submit the same to me.

It is not the intention to allow Miss Peddle to design the reverse of the coin. This will be done by the mint.

Very respectfully,

Director.
